

SILICON FIBERGLASS INSULATE TUBE

Place of Origin:	China (Mainland)	Brand Name:	Ezitown
Model Number:	FGT-001W	Application:	Industry, Used in all Industry
Surface Treatment:	Gel Coat	Technique:	Braided
Dimensions:	Customers' Requirements	Working Temperature:	-40°C~200°C
Flame Resistance:	VW-1	Packing Status:	Cartons Pallets
Color:	W/B/R/G/OEM	Certifications:	ROHS,SGS
Voltage:	1000V~2500V	Feature:	Dielectric, Softness
Delivery Time:	1-2 weeks	Item Name:	plastic fiberglass pipe

Supply Ability

Supply Ability:: 50000 Meter/Meters per Day soft fiberglass sleeve tube

Packaging & Delivery

Packaging Details	hot sale VW-1high strenght plastic fiberglass pipe fiberglass tube Standard Exporting Package
Port	NINGBO, SHANGHAI or ANY PORT IN CHINA
Lead Time :	Shipped in 7 days after payment

Fiberglass Roud Hollow Tube Telescoping Flexible Insulation Coated Tube

There are two types of High temperature available from Volsun Electronics.

Type A:**Inner braided fiberglass outside THIN silicon coating**——coating all over with silicone resin to form a layer of film and solidify it in high temperature the outside tightly braided fiberglass sleeves. Up to insulate voltage 1000v

Type B: **Inner braided fiberglass outside THICK silicon coating**——coating all over with silicone resin to form a layer of film and solidify it in high temperature the outside tightly braided fiberglass sleeves. Up to insulate voltage 2500v

Detailed Images

Fiberglass Tubing

- High temperature resistance, high voltage resistance, excellent resistance to aging, can be used outdoors for long term;

Detail

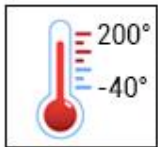

Adhesive lining adds strength and keeps out contaminants

Feature

Tough, flexible and flame retardant, wrapping and protecting the stuff perfectly

Name: Fiberglass Tubing

Material: Fiberglass

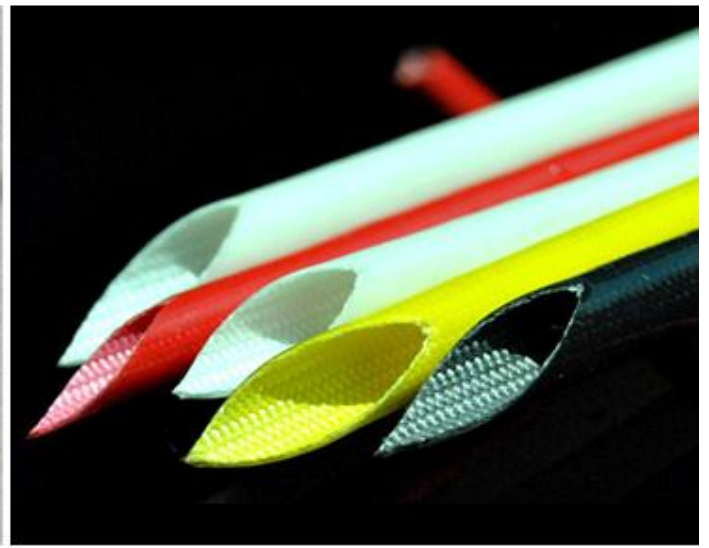

Structure: Braided

Surfacing material: Silicone-coated

Operating temperature: -40~200 °C

Certification: UL approved and RoHS complaint

Application: Led lights, home applications,
transfers, fuse, etc.

Company Information

Our company provides **insulation tubes** to solve the different needs of rods, wires, threads, etc., from **LED, toys, home applications, sports, consumer electronics to medical devices**. Our materials range from the **heat shrinkable** (single wall, dual wall, medium wall and heavy duty), **silicone, PVC, fiberglass, fluorine (PTFE, PVDF and FEP), ABS, PC, PP, PE, TPU, PU, TPE, TPR**.

FAQ

high quality non-toxic soft PVC hose for blood pressure cuff

1.Are you a trade company or a **manufacturer**?

A:We are a **FDA, SGS,UL and ROHS** approved manufacturer specialized in **Insulation Tube**.
OEM & ODM service are available.

2.What is your **MOQ**?

A:Our minimum order quantity is 1000 Meters.

3.What is your **delivery date**?

A: The delivery date is about 5-7 days after receipt of payment.

4.What is your **payment terms**?

A: 30% deposit in advance and 70% balance before shipment.

5.Can you send **free samples**?

A: Yes, free samples are available; you just need to pay the shipping cost.
